

# NEXT STEPS

## Next Stages

The approved plan will be made available on the Parish Council website and a number of full copies made available at various locations in the village for example the surgery, local shops, Public House and Sports and Social Club and other locations subject to the business owners approval. An A4 summary flier will be made available for wider distribution. There will be a number of events in the village over the summer and autumn where an A3 copy of the plan will be made available and if possible a member of the Plan Committee be on hand to answer questions.

The Woodford Plan proposal has a number of recommendations derived from the survey and the work of the five sub groups. Following Parish Council Approval, recommendations will need to be developed and costed with funding sought. The Woodford Plan Group need to appoint a small team to help and coordinate the fund raising. This will commence by meeting with the East Northamptonshire Council representative that deals with helping groups identify sources of funding. This will be followed by an action plan to contact the various sources of funding and develop a programme of works.

Once funding has been secured the Fund Raising team will liaise with the Parish Council to seek approval to implement the works - for example noticeboard(s) , agree location(s), style and timing etc. This approach will apply to most activities identified in the recommendations. The Woodford Plan Group with the help of the PC will be responsible for implementing and coordinating the works they have identified. In some cases the PC may decide to take the recommendation forward by their members.

Regular progress reports will be published on the Woodford website.
